EDUCATION

ETH Zürich, Switzerland

Mathematics MSc

Semester projects: Ramsey theory, extremal graph colorations

Enrolled: September 2022 - October 2024

Thesis topic: Topics in Ergodic Ramsey Theory

Seminars: Percolation

EPF Lausanne, Switzerland

Mathematics BSc

Enrolled: September 2019 - June 2022

Thesis topic: Generalisations of Van der Waerden's theorem

EXPERIENCE

Jane Street

Quantitative trading intern

London, England

July 2022 - September 2022

- Summer trading internship. Learnt the fundamentals of quantitative trading and worked on pricing financial instruments via historical data analysis and statistical modelling.

EPF Lausanne

Scientific Mediator

Lausanne, Switzerland

March 2025 - September 2025

- Worked in the Science Outreach Department, as part of my mandatory national service. Created a robotics course for children aged 14-16 focused on teaching the basics of Python. Visited schools across Switzerland to do STEM outreach by doing science activities and experiments with classes.

ETH Zürich

Teaching assistant

Zürich, Switzerland

February 2023 - December 2023

- Analysis II, under Professor Urs Lang (Spring 2023)
- Analysis I, under Professor Alessio Figalli (Autumn 2023)
- Review seminar on Analysis 1 (Autumn 2023)

EPF Lausanne

Teaching assistant

Lausanne, Switzerland

September 2020 - June 2022

- Analysis I, under Professor Roberto Svaldi (Autumn 2020, Autumn 2021)
- Analysis I, under Professor François Genoud (Autumn 2020)
- Discrete Mathematics, under Professor Maryna Viazovska (Spring 2021, Spring 2022)
- Probability, under Professor Juhan Aru (Autumn 2021)
- Discrete Optimisation, under Professor Adam Marcus (Spring 2022)
- Review seminar on Analysis 1 (Autumn 2022) and talk on “Probabilistic Questions in Quantitative Interviews” (Spring 2022)

Swiss Mathematical Olympiad

Volunteer

Switzerland

August 2019 - Present

- Leader at several international Olympiads (IMO 2020, CMC 2020, OFM 2020, OFM 2021, IMO 2023, IMO 2025). Coordinator at EGMO 2023.
- Every year from 2019 to present: Was involved in proposing problems, correcting exams, teaching at all levels from beginners to coaching the IMO team, and curating teaching material. Running the mentoring program, which works 1-on-1 with talented students to provide personalised preparation. Board member from August 2023 - present, responsible for communications.

PROJECTS AND ACTIVITIES

Global Quarantine Mathematical Olympiad

May 2020

- Chief organizer of a free-to-all online mathematics contest that took place in May 2020, with over 800 participants from more than 80 countries and more than 100 volunteers.

AWARDS AND SKILLS

Mathematical Olympiads

- Participated 5 times at the Swiss Mathematical Olympiad and 3 times at the IMO. Won 3 silver medals and 1 bronze at the SMO, 1 silver at BxMO, participated once at MEMO, and 1 bronze and 2 HMs at IMO.

Technical skills

- Expertise in Microsoft Excel, L^AT_EX. Comfortable with Python, C++, MatLab, Microsoft Office.
- Native language is English and fluent in French. Can understand and speak passable German, Hindi, Marathi.
